¹Includes only general purpose appropriations. Because the House Budget anticipates revisions to the Deficit Control Act, the allocation did not provide a security/non-security breakdown as required under current law. This table excludes \$96,725 million in BA and \$51,125 million in outlays for Overseas Contingency Operations (OCO) provided in the House allocations. The Senate did not include OCO amounts in its initial allocation.

²Separate security and non-security category spending limits under the Deficit Control Act apply to budget authority only, while the outlay limit applies to security and non-security combined.
